About PureTech Health

PureTech Health (PureTech Health plc, PRTC.L) is a cross-disciplinary biopharmaceutical company creating 21st century medicines that modulate the adaptive human systems. Our therapies target the immune, nervous, and gastro-intestinal systems by addressing the underlying pathophysiology of disease from a systems perspective rather than through a single receptor or pathway. We have multiple human proof-of-concept studies and pivotal or registration studies expected to read out in the next two years. PureTech Health's rich and growing research and development pipeline has been developed in collaboration with some of the world's leading scientific experts who, along with PureTech's experienced team and board, analyse more than 650 scientific discoveries per year to identify and advance only the opportunities we believe hold the most promise for patients. This team and process place PureTech Health on the cutting edge of ground-breaking science and technological innovation and leads the Company between and beyond existing disciplines.
